RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbe Compound, and 1/2 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Adv. Everyone should keep Vacher-Balm handy. If your dealer will not supply you send 30c stamps for a tube, or better take the agency. E. W. Vacher, Inc., New Orleans, La.

SEASONABLE DISHES

At this season of the year a salad just as acceptable as at any other time of the year. The following will be found a little out of the ordinary:

ITALIAN SALAD.—Cut one carrot and one turnip into slices and let cook in boiling broth or soup until done. When cold, add two cold, boiled potatoes and one cooked beet, cut in strips. Add

one tablespoonful of chopped or scraped onion pulp, and mix. Pour over the following sauce and garnish with water cress.

Lombarda Sauce.—Cook one-fourth cupful of flour in one-fourth cupful of butter; add half a teaspoonful of salt, one-fourth teaspoonful of paprika and one cupful of jellied chicken broth; stir until boiling hot. Set over boiling water and beat in one-fourth of a cupful of butter, beaten to a cream with two egg yolks and the juice of half a lemon. As soon as the egg is cooked, beat in three-fourths of a cupful of thick tomato sauce. When cold and ready to use, add one teaspoonful of parsley, chopped very fine.

Hot Apple Dessert.—Pare, core and slice five or six apples. Put these in a serving dish suitable for the oven, in layers, with seeded raisins and one cupful of sugar; cover and bake until the apple is tender. Remove the cover and set marshmallows over the top of the apples; return the dish to the oven for the browning of the marshmallows. Serve hot, with or without cream.

Fresh Fish Salad.—Fry baked or boiled fish while hot. For a plain fish, cut six olives very thin lengthwise; to them add a tablespoonful of onions, a teaspoonful of onion pulp, half a teaspoonful of salt, a tablespoonful of lemon juice and two tablespoonsfuls of olive oil. Mix, then pour over the fish; mix with two forks, to avoid crushing; let stand in a cool place until ready to serve. Serve on lettuce leaves with mayonnaise in a bowl. Garnish with pickled beets.

The common things of life are all the same.

The old soft says that through the leaves do shine. The morning sun on glistening waves so clear.

The clouds of gorgeous hue are mine and thine.

—Edith Louise Farrell.

ECONOMIES IN THE HOME

It hardly seems necessary to mention that flour sacks of the large size may be bleached and used for various things. Open the seams and hem and you have fine dish towels. The small-sized sugar sacks may be used to hold lettuce after it has been washed and is ready for the table. Put into the sack, it may lay on the ice. Small salt sacks are fine for holding herbs and dried seeds, for use in various ways.

Ted grounds make a fine brightener of carpets. Use them dampened with water, and sweep lightly with a broom.

Old underwear makes fine wash cloths, and stockings of any kind or color, cut in strips and fitted into a mop, will answer, when treated with a good oil, as a dust mop.

When nuts are dry and tasteless, breaking into bits when cracked, soak them for an hour or two in hot water before cracking. They will be like fresh nuts.

When a broom is worn on one side, dip it in hot suds on wash day, and when soft and wet cut with a sharp hatchet or scissars.

Always mix such dry mixtures as cornstarch with sugar when making a sauce as the sugar keeps it from lumping when the water is added.

Add a dash of salt to most fruits; if saves sugar and brings out the flavor. This is true of fresh or dried fruits.

When making a custard, cook it as usual if it is a boiled custard, and take out a portion, to which may be added various seasonings liked in a salad dressing; the remainder may be sweetened and flavored, and two dishes are ready with one cooking.

Stretching the meat flavor is a great economy. When preparing hamburgers, add a cupful of cooked oatmeal, seasonings, and either cook it in a flat cake or small cakes. The cereal will be fully as satisfying. Any cereal, such as rice or other cooked breakfast foods, may be used equally as well.

Take the strings from the ends and sides of table linens which is badly worn, and make into napkins. One may have six or eight good-looking napkins which are well worth the trouble of hemming. The best of the cloth left may be hemmed for various uses, and even the ragged portions may be quilted, by a few stitches on the machine, for dishtowels.

Elmira, Ala.—"I can highly recommend Dr. Pierce's Favorite Prescription to any woman who suffers from certain trouble. It was ill health, considerably and was just miserable all the time until I took Dr. Pierce's Favorite Prescription. The doctor recommended this medicine to me and I received so much comfort and relief from the first bottle that I knew it would help me. I bought a bottle for my ailment and kept on with it until satisfied that I was cured." — Mrs. Zora Hatcher, 1927 Voegelin Ave.

Birmingham, Ala.—"When I was seventeen years ago I had suppression for several months and my blood became so impoverished that I broke out with boils all over my body. My mother gave me Dr. Pierce's Favorite Prescription and it was this medicine that promoted regularity and restored me to health. All of the boils disappeared. I became strong and well. Since I have had it I have taken an occasional bottle of 'Favorite Prescription' to keep me in a good healthy condition. As a tonic and nerve for women who have become weak, nervous and run-down. **If You Need a Medicine  
You Should Have the Best!**

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—their value did not fulfill the promises of the manufacturer. The druggist applies more particularly to his medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores. —Adv.

**A LEOPARD CANNOT

Mr. Dodson, the "Liver Tone" Man,  
Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not savor.

Don't take calomel! It can not be trusted any more than a leopard or a wild cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe. —Adv.

However, the game is scheduled to take place on next Tuesday afternoon, March 2nd. Your patronage is respectfully solicited.

D. C. Wall, landscape artist and proprietor of the Evangeline Nut Nursery, at St. Martinville, La., is spending a while in this city. He sold considerable of his stock to local patrons, including the hedge plants, palms, etc., to the courthouse. Mr. Wall secured a contract for the beautifying of the grounds of the Kiln Colored School, which include a start to the laying out of walks and garden plots, extensive rows of hedges. The building a Kiln is one of the largest and handsomest of its kind in the State, and the addition of converting the school grounds into a thing of beauty and joy forever" will prove the finishing touch.

Saturday's election, which gave Albert Jones the nomination that ects him for another term of office is quite a tribute to his popularity as an official, and an evidence of the desirability of his services. "Albert Jones," as he is popularly called by all who know him, by personal acquaintance or reputation, appreciates the compliment and recognition accorded him last Saturday, will continue the discharge of the duties of his office in that manner which has won him another term of office. His success was all the greater and more to be appreciated when we consider the splendid worth of his opponent, Mr. Jones served four years as deputy sheriff under Sheriff Jos. E. Sawyer and four years in like capacity under Sheriff Albert J. Carver; as city marshal he is serving his second term, and when he assumes office in April it will be his third consecutive term. In addition to this he served four years as constable, giving him sixteen years in public life.

Attorney Robt. L. Genin was called to New Orleans yesterday on professional business.

Messrs. Leo Heyman and Sidney Toca, former residents, were weekend visitors from New Orleans, guests of Messrs. Emmet J. and Howard Kergosien.

Mrs. L. N. Word, of New Orleans, is spending this week, visiting at the home of her son-in-law and daughter, Mr. and Mrs. R. de Montuzin.

Miss Jean Horton, who is spending the winter in New Orleans, pursuing special studies, spent the weekend with her parents, Dr. and Mrs. C. L. Horton.

Circuit Court for Hancock county will convene in this city on Monday morning at 9 o'clock. The docket is light owing to much sickness among lawyers and litigants, and it is expected the term will be a short one.

Mr. and Mrs. R. W. Taylor and Master Robert Wesley Taylor, after spending the winter with their relatives, Mr. and Mrs. P. J. McGinn, left Wednesday morning for Chicago, en route to Sioux City, Iowa, where they reside.

Mrs. Charles Hillen returned home from New Orleans Wednesday evening. Mrs. Hillen was called away during the early part of the week by a message particularly sad announcing the death at Houston, Texas, of her niece and newly-born infant, resulting from influenza.

Mr. Harry G. Glover came out from New Orleans Saturday to participate in the municipal election, and expressed much satisfaction at the election of Mayor Webb. Mr. Glover while here leased one of the beach front dwellings and will soon arrive with his family to resume his residence here.

The unusually large number of material improvements in Bay St. Louis just now is noteworthy and indicates not only the stability but the enhancement of values, and bespeaks much for the town, present and future. At no time has the market for sales and realty values been so active.

The offices and other quarters of which have hitherto been located in the Edward Hines Lumber Company, Gulfport, have been moved to Lumberton, at which place the company operates a large sawmill. F. W. Petrone, who has charge of the local office, will be located in that city hereafter.

H. Evans, representative from Harrison county, has secured the passage of a bill in his house authorizing counties separated by large streams or bodies to jointly own or operate ferries. Mr. Evans further asked the house to go into committee of the whole, and it is believed as a result of this action the bill was successfully passed. It has been stated that this bill will greatly facilitate matters pertaining to a ferry over bay St. Louis, which will be another step in securing through passage between Mobile and New Orleans, by an automobile highway along the coast.

Clarence Catchot, for a year less messenger for the Western Union in Bay St. Louis, and who, during that time was studying telegraphy under the tutelage of Mrs. G. Y. Blaize, in charge of the local office, has landed a splendid position. Tuesday he was accepted as an operator at the main office in New Orleans, with good hours and good pay and his success is now seemingly assured. Catchot is an orphan who has served his employer well and conscientiously and is going to reap the reward which he has merited by strict application to business and due regard to the interests he has served and those whom he worked for. Other boys will take notice.

William C. Sick, who received the nomination Saturday for alderman from Ward One, is a son of our well-known and esteemed townsmen, Mr. Conrad Sick. He is a young man who is imbued with progressive ideas and will no doubt "make good" on the Board. That he received so handsome a vote as he did stamps him a well-known and popular citizen and is conclusive that the people have the utmost confidence in his ability to serve them well. He is well acquainted with the needs of his ward and as far as the finances of the city will permit he will exert every effort in the endeavor to supply the needs.

Thomas F. de Paoli, a Bay St. Louis "boy," was on Tuesday nominated for member of the Louisiana House of Representatives from the Twelfth District in New Orleans. His election was in the second primary and he ran on the Parker ticket. De Paoli received 1,286 votes against Jewel A. Sperling's machine candidate 843, a majority of 443. Thomas F. de Paoli is well known here, residing here nearly all his life. He was born in 1873 and is educated at St. Stanislaus College. He is a nephew of ex-Mayor Oscar M. Bourgeois of Waveland, and a brother-in-law of Paul Sargent, of Bay St. Louis. His home in this city was in Union street, where his orphaned sisters conducted "Locust Cottage" for years a well-known private boarding house. The young man has many friends here who will be glad to learn of his success. He has their congratulations and best wishes.

D. C. Wall, the landscape artist, who is sojourning in our city, has drawn a plan to beautify the grounds in front of the handsome church building of Our Lady of the Gulf. The plan, if carried into effect, would cost comparatively little and would only enhance the appearance of the building with its cathedral-like proportions, but would add to the general appearance of the city.

Work of compiling the list of premiums to be awarded at the Hancock County Fair, to be held in Bay St. Louis during the early part of the fall, is about completed, and the printing of the Annual Catalogue will shortly begin. As the Fair will be bigger and better than ever, the Catalogue will be a bigger proposition, and business people will be given the privilege of advertising within its pages at a reasonable price. Spaces are sold by the whole page, half page and quarter page, and as the monies realized from this source will go toward helping to defray the expenses incidental to holding the fair, it is hoped that this source of revenue will add materially.

Personal and news items of local interest sent to The Echo will be appreciated. Your assistance will help to make the paper more newsy and readable. A good number of people and we fear they might be in the majority—have an erroneous idea that the publisher will think he or she is actuated by selfish motives and of wishing simply to see their names in print. This idea is absurd, and the quicker it is dispelled the better. The truth is, we want the news and we will thank you for your assistance. The paper secures much of what is going on, but it is certain we do not get it all.

To be mayor of Bay St. Louis it seems one must be gifted with a knowledge nothing less than versatile. A brush fire in the rear of the coal chutes Thursday afternoon threatened to encroach upon the property of the Standard Oil Company. Mayor Webb was telephoned to, and immediately was on the scene and with a force of people fought the fire until it was gotten under control. He holds the championship of British fleet, and has always held his own in every effort and there seems no doubt he will carry off the colors of victory on St. Patrick's day.

Russell Manieri, who fought Martin Burke in New Orleans several months ago, and who has just returned home from Philadelphia and New York, is now training at the Gulfport Naval Station for a return match with Burke on March 17th. It will be remembered our Bay St. Louis favorite lost the contest when he last fought Burke, and the fight has been arranged at his own request in order that he may "come back". There is every reason to believe Manieri will best his opponent this time, as he will have ample opportunity to overcome the weak points which caused his last defeat.

## CITY LOSES LEADING CITIZEN AND A SUCCESSFUL BUSINESS

Man By the Death of Harry J. Thurston, Proprietor of the Thurston Canning Co.—Victim of the Flu.

WAS TAKEN ILL WHILE TRAVELING THROUGH TEXAS.

Deceased Was Comparatively a Stranger Here, But Had Become Well Known and Was Universally Popular.

The death of Harry J. Thurston, which sad event occurred last Friday afternoon at 2:30 o'clock, just prior to the time The Echo went to press, is indeed deplorable, and removes from our midst one who had come here comparatively a short time ago and had not yet made friends on every side but had already assumed a niche in the commercial affairs of the city that command much to the entire community.

Mr. Thurston was out on a trip through Texas, when he was taken ill at Houston with that most treacherous of prevalent malady, influenza.

It was on Sunday prior to his death he reached home, a very sick man. He made the trip home not wishing to alarm his good wife and to save her the trip and ordeal that a message announcing his illness would carry. His condition at first was not considered serious, in fact, it was thought he would pull through, but his ailment was deep-seated and notwithstanding he had the best of medical attention and home ministrations his condition took a turn for the worse and he gradually grew worse during the middle of the week until the end came.

The funeral took place Sunday afternoon Rev. Berry, rector of Christ Episcopal Church, officiating at the house, church and at Cedar Rest Cemetery, where many friends and acquaintances viewed with heavy hearts and tearful eyes the last ceremony.

Many floral offerings from at home and away silently but eloquently served as testimonials to the high regard of esteem in which the deceased had been held and how much his passing away was regretted.

The deceased was a native of Indiana, aged 39 years. He is survived by his widow, who has the deepest sympathy and affection of all who know her and had known her husband. His loss will indeed be keenly felt by those who had the privilege of knowing so princely a gentleman.
